

ADVANCED SRT and RIGGING COURSE

September 10 to 16, 2022 — Hungary

Presented by Caving Academy and the Hungarian Caving Instructor Committee

SPEND SEVEN DAYS TRAINING AND RIGGING EXPERIENCE BUDAPEST FROM A CAVER'S PERSPECTIVE

This course, taught in English, is based on the Hungarian Technical 2, the most advanced technical curriculum offered by the HCIC.

Benefit from decades of development and instructional expertise while rigging caves down to 230 meters.

TOPICS INCLUDE:

- Bolting considerations
- Types & goals of rigging
- Natural & artificial anchors
- Knot & hardware selection
- Rigging sketches & documentation
- Dome-climbing considerations
- Bor, sör & palinka

SMALL-PARTY SELF-RESCUE SKILLS:

- Pick-off techniques
- Rescuing an injured rigger

RIGGING INCLUDES:

- Anchoring
- Approach lines
- Deviations
- Rebelay
- J-Hangs
- Traverse lines
- Tyrolean Traverses
- Guided Rappels/Climbs
- Safely Derigging

Come to Budapest, Hungary on September 8th!

We can coordinate everything from the moment you arrive:
Food — Lodging — Transportation — Sightseeing for cavers

Join us for guided tours of thermal springs, ancient ruins, and underground labyrinths with a cave church and a cave hospital!
